PROFILE

Creative and detail-oriented Web Developer with hands-on experience in building responsive, user-friendly websites and modern web applications. Skilled in front-end and back-end development, UI/UX improvements, and performance optimization. Passionate about clean code, automation, and solving real-world digital problems.

WORK EXPERIENCE

Freelance Web Developer
2025 - PRESENT

- Designed and developed fully responsive websites for small businesses, portfolios, and e-commerce clients.
- Improved UI/UX, site speed, and SEO elements to enhance user experience and Google ranking.
- Integrated features such as forms, booking systems, payment methods, and automation tools.
- Managed hosting, domain setup, deployment, and ongoing website maintenance.

Front-End Developer Intern — TechCore Solutions
2023 – 2024

- Built reusable front-end components using HTML, CSS, JavaScript, and React.js.
- Collaborated with senior developers to convert UI/UX designs into high-performance web pages.
- Fixed bugs, improved responsiveness, and optimized layouts for mobile and tablet devices.
- Worked with Git/GitHub for version control and teamwork project workflows.

Web Designer — DigitalCraft Studio
2022-2023

- Designed website layouts using Figma and WordPress, ensuring modern design and brand alignment.
- Developed custom WordPress themes, plugins, and page builders (**Elementor/Block Editor**).
- Worked directly with clients to gather requirements and deliver user-friendly website solutions.
- Managed updates, backups, and long-term site support for multiple active clients
